Student Council is the fundamental student government of Chesaning High School. Some of its more important duties are the organization of Homecoming, setting up the school calendar, registering cars, holding fire and civil defense drills, and bringing entertaining and educational assemblies to the student body.

Since it is the students' representative body, its most important task is to be concerned with student problems.

The Council is organized into four committees. Each committee has certain projects it is expected to carry out during the school year. Although many of these projects are set by what has been done in past years, Council is always open to new ideas from the students.
